***Wedding Dance Instruction***

There's nothing more romantic than learning your first dance as husband and wife or even to spice up your marriage!

Bayside Dance Centre will teach you that perfect dance for that special event or on that perfect wedding day for the bride and groom and even the wedding party!

Your confidence and lead will improve the most after you are comfortable with the steps. \*\*\*Remember - this is a team effort! The co-operation and teamwork you developed on the dance floor while learning and practicing will serve as a foundation for co-operation and teamwork off the dance floor.

## *Wedding Dance Tips*

### *Your Choice of Music:*

Choose your own piece of music, or from our own extensive collection of dance tracks. If using your own music, please bring to your lesson on either an iPod or CD so that we can determine if it is suitable for choreographing.

### *What Shoes to Wear for Your Lesson:*

For the first 1 or 2 lessons, just wear thick socks until you are accustomed to the dance choreography. As you become more proficient, we recommend you wear the shoes you are wearing on the day (or similar), dependant upon whether these shoes may incur floor damage. In that event, please practice at home wearing these shoes.

### *Between Lessons:*

Wherever possible, try to do some practice of your wedding dance moves between lessons. This will speed up the learning process and will help you feel more confident on the day.

### *Please Note:*

Wherever possible we require **at least** 24 hours notice for cancellation of your scheduled lesson. A cancellation fee of \$25 or foregoing that lesson may apply. However, we do try to re-schedule other lessons to give some leeway in the event that unforeseen circumstances may arise.

Payment of your wedding package is required in advance or at your first lesson.
